TROY JANSEN BAY

Front-End Developer · UI/UX Designer

Meycauayan, Bulacan, Philippines | +63 976 056 3152 | tjansenzb2021@gmail.com | linkedin.com/in/troy-bay

PROFESSIONAL SUMMARY

Front-end developer and UI/UX designer who bridges design and code. Shapes user-centered interfaces in Figma, then builds them into responsive web and mobile applications, so the product that ships matches the product that was designed. Works best in collaborative, cross-functional teams, writes clean component-based code, and sweats the details that make an interface feel polished. Ready to contribute full-time.

SKILLS

Front-End: HTML, CSS, JavaScript, React, Vue.js, Tailwind CSS, Mantine UI, Bootstrap

Mobile: React Native, Expo

Design Tools: Figma, Adobe Photoshop

Back-End & Databases: PHP (CodeIgniter), PostgreSQL, Firebase, Python

Tools: Git, GitHub

Soft Skills: Cross-functional Collaboration, Design Handoff, Project Planning, Time Management

PROFESSIONAL EXPERIENCE

Web Development Intern (Front-End)

Jan 2026 – Jul 2026

Simplevia Technologies Inc.

- Built and optimized user interfaces for internal software systems within a cross-functional development team.
- Converted Figma mockups into responsive, production-ready front-end code using Tailwind CSS and Mantine UI.
- Developed reusable components in a component-based architecture for consistency across modules.
- Delivered features through Git and GitHub team workflows for version control and code management.
- Tested and optimized applications for cross-browser compatibility before release.

KEY PROJECTS

TourISLA | Project Manager & Mobile Developer

React Native, Expo

- Co-developed a full-stack web and mobile tourism platform for administrators, local businesses, and visitors.
- Built an interactive map of local attractions that hands off to Google Maps for turn-by-turn, real-time navigation.
- Implemented a dual-layer registration portal with PayMongo fee processing and a QR-code scanning module that on-site staff use to verify visitors and track demographics.
- Automated guide and operator accreditation with payment verification, lifecycle tracking, and Google Calendar sync.
- Added safety advisory announcements, emergency incident logs, and a digital archive preserving local cultural media.

ECO-Cool | UI/UX Designer

Figma

- Designed a fully working high-fidelity prototype and user flows for an eco-friendly product and reforestation platform.
- Mapped user paths for buying mini fans with seed pockets, customizing seed-planting choices, and donating seeds directly to environmental NGOs.
- Created a map of NGO-verified planting areas and a tracker page visualizing each user's reforestation contributions.

Tipsy Tavern | Front-End Developer

HTML, CSS, JavaScript

- Developed a responsive liquor retail website as part of advanced web design coursework.
- Built a functional add-to-cart system for selecting and purchasing products, plus a custom dark mode toggle.

EDUCATION

Bachelor of Science in Information Technology

2022 – Sep 2026

FEU Institute of Technology · Specialization in Web and Mobile Applications

- CCSMA Dean's Lister (Bronze), August 2024 and April 2025

Senior High School, STEM Track

2020 – 2022

St. Mary's College of Meycauayan City

CERTIFICATIONS & TRAINING

- **IT Specialist (Certiport):** JavaScript (2025), HTML and CSS (2024), Python (2024), Networking (2024)
- **PMI Project Management Ready**, Project Management Institute (2025)
- **DevNet Associate**, Cisco (2025)
- **Build with AI Manila 2026:** Beyond the Prompt and Next-Gen Builders (April 2026)
